Chief Johnson introduced the representatives present from PG&E: Hal Moore, Community Resiliency Program Director, and Charlene Bautista, Land Development Coordinator. Hal Moore overviewed the proposed layout of the placement of the equipment to power for the polygon of electrical grid. He pointed out the recloser (red square) and transformer (green square) that would be permanent fixtures for tie-in to the distribution system would need to be placed more toward the northwest corner of the property than had previously been discussed by the Board members. He noted the blue rectangles represented the generators that would be brought in for each Public Safety Power Shutdown (PSPS) event.

Hal Moore noted that if the agreement for the placement of the equipment could be made further design work would be completed with project pacing to have the 17kVA transformer in place by September 2020. Mr. Dashner made a motion to implement the proposed Community Resiliency Project with PG&E as presented. Mr. Neal seconded; motion passed 5-0 (AYES: Barr, Clemens, Dashner, McKinney, Neal).

Hal Moore reported that Charlene Bautista would be drafting the formal agreement to present to the District. He noted that there would need to be a ground resistivity test which would determine the depth of road base needed for placement or, if necessary, asphalt placement which would all be at PG&E's cost. He was

estimating June or July to begin construction and he thanked the Board members for their collaboration on the project.

- 5.2. California Department of Health Care Services Intergovernmental Transfer Program Participation 2017-18 and 2018-19

He noted there was some change with it being based on an 18-month period and determination of the number of patients covered, cost per call, etc. He noted that the District seemed to be financially able to have the funds set aside for the short period to actually pull down the funds.

None of the Board members expressed any interest in serving the 3-year term.

- 5.6. EPFD Apparatus Committee: Truck Company T-431 Discussion

**Re: Pregnancy Disability Leave**

Please accept this letter as a written notification of my upcoming Pregnancy Disability Leave. It is my intention to discontinue my full duty assignment and be restricted from full duty activities by my physician effective May 15<sup>th</sup>, 2020. I will be using my paid leave, which should cover me until approximately July 15<sup>th</sup>, 2020 at such time I will then begin my unpaid leave (PDL/FMLA/CFRA).

Please also accept this as a formal request to continue my CalPERS retirement contributions during my unpaid leave. I am asking for the district to please continue covering its contribution while I will continue to pay my contribution.

I would also like to continue paying for my supplemental life insurance during my unpaid leave. I will not be continuing my Deferred Compensation Plan during unpaid leave.

It is my intention to return to full duty by December 1, 2020 barring any unforeseen circumstances.

SUBJECT: 2019 Consumer Price Index West Urban – Cost of Living Adjustment

The 2019 Consumer Price Index for the West Urban area is an increase of 2.7%. Traditionally this is the standard of annual increase applied to our staff pay schedule. It is my recommendation to the Board of Directors to approve the CPI Cost of Living Adjustment of 2.7% for the 2020/21 pay schedule.

Sincerely,

I highlighted CPI-W for YE Dec 2019 for West – Size class B/C which is for cities under 2.5 mil which comes up with 2.6% increase for the increase to the pay schedule. Do you foresee any problem with working that direction with the 2020-21 budget? -
